

ATTENTION BofGB CUSTOMERS

Effective immediately, The Bank of Glen Burnie is suspending enforcement of the six-per-month limit on transfers from a savings or money market account until notice of a change in the requirement. Although limits to the number of transactions will no longer be enforced, all fees associated with exceeding these limits will still be incurred. This change, based on an interim rule by the Federal Reserve Board, allows customers to make an unlimited number of convenient transfers and withdrawals from savings deposits at a time when financial events associated with COVID-19 have made such access more urgent.
